Bio

As parent of two primary school kids, Sophia is always trying her best to involve into her kids' school live and care both about kids' academic achievement and physical/mental health. Sophia also value the opportunity to communicate with teachers and receiving feedback from teachers to help together improve kids' performance.

Personality

Frustrations

- Feel less involved in kid's school activity and study
- Lack of understanding of the performance of kids and guidelines of possible improvements outside school
- The teacher's feedback or comments on kids' feedback sometime are hard to follow

Motivations

Engagement

Better Understanding

Objective and Useful

Goals

- Knowing better about kids' competence
- Have more valuable advises or instructions on things to be done in after school time
- Help kids achieving better score in school test and exams
- More involved into kids' school life and build a better information sharing route with teachers

Skills

- Communication
- Caring and Encouraging
- At home tutoring
